| Described Premises: |
| Post-Loss Ordinance Or Law Option: Yes <input type="checkbox"/> No <input type="checkbox"/> |
| Information required to complete this Schedule, if not shown above, will be shown in the Declarations. |

A. If a Covered Cause of Loss occurs to a building(s) at the premises described in the Schedule, resulting in a "suspension" of "operations" covered under this policy, the "period of restoration" is extended to include the increased period required to comply with the minimum standards of an ordinance or law, provided that:

1. The ordinance or law regulates the demolition, construction or repair of buildings, or establishes zoning or land use requirements at the described premises; and
2. The requirements of the ordinance or law are in force at the time of loss. But if the Post-Loss Ordinance Or Law Option is indicated in the Schedule as being applicable, then Paragraph **A.3.** applies instead of this Paragraph **A.2.**
3. The requirements of the ordinance or law are in force at the time of loss; or the ordinance or law is promulgated or revised after the loss but prior to commencement of reconstruction or repair and provided that such ordinance or law requires compliance as a condition precedent to obtaining a building permit or certificate of occupancy.

However, coverage is not extended under this endorsement to include loss caused by or resulting from the enforcement of or compliance with any ordinance or law which requires:

1. The demolition, repair, replacement, reconstruction, remodeling or remediation of property due to contamination by "pollutants" or due to the presence, growth, proliferation, spread or any activity of "fungus", wet or dry rot or bacteria; or
2. Any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of "pollutants", "fungus", wet or dry rot or bacteria.

B. The following definition is added:

"Fungus" means any type or form of fungus, including mold or mildew, and any mycotoxins, spores, scents or by-products produced or released by fungi.
